Product Catalogue 2016

A diverse range of healthcare products

Benevite Nutraceuticals was founded with a mission to manufacture the highest-quality products without compromise, with products people can trust. We understand poor manufacturing can destroy great science. To ensure that the formulas developed in Benevite Nutraceuticals laboratories are produced consistently, the same process is followed each time manufacturing begins.

Benevite Nutraceuticals develop and provide the highest-quality, science based products.

By rigorously testing each product for potency and purity and by following pharmaceutical GMP, Benevite Nutraceuticals sets the standard for excellence in dietary supplement manufacturing.

Once again, this is proof that Benevite Nutraceuticals products are truly Nutritionals You Can Trust.

Omega 3 rich formula

Omega 3

30 Capsules x 1000mg

Benevite Omega 3 is derived from natural salmon oil which is a natural source of marine Omega 3 fatty acids which are very important as the body cannot produce them and they can therefore only be obtained from the diet. Benevite Omega 3 has a wide range of benefits including the temporary relief of pain, inflammation, swelling and joint stiffness associated with arthritis. Omega 3 fatty acids also help in the management of eczema, n. psoriasis & dermatitis. Salmon oil supports and maintains the cardiovascular system and cholesterol levels in healthy individuals. As well as supporting and maintaining the health of eyes, the nervous system, the brain, cognitive function and general wellbeing.

Fish oil supports and maintains the cardiovascular system en. and cholesterol levels in healthy individuals. As well as supporting and maintaining the nervous system, the brain and cognitive function.

Squalene with Vitamin E

30 Capsules x 1000mg

Squalene is a major component of skin surface lipids such as sebum, where it assists in maintaining healthy skin. Squalene with Vitamin E may assist in the maintenance of a healthy immune system and in the maintenance of general wellbeing.

Squalene is a hydrocarbon and a triterpene, and is a natural and vital part of the synthesis of cholesterol, steroid hormones, and vitamin D in the human body. Squalene is used in cosmetics, and more recently as an immunologic adjuvant in vaccines.

Helping improve GLA levels

Evening Primrose Oil

30 Capsules x 1000mg

Helping you to improve GLA levels, Benevite Nutraceuticals Primrose Oil is a rich natural source of gamma-linolenic acid (GLA). Low levels of GLA have been found in adults and children with atopic eczema and atopic dermatitis. Features and benefits of Evening Primrose Oil include; a natural source of omega-6 essential fatty acids; a rich source of gamma-linolenic acid (GLA). Low levels of GLA have been found in adults and children with atopic eczema and atopic dermatitis, as well as women with premenstrual syndrome.

Evening Primrose with Borage Oil

30 Capsules x 1000mg

EPO with Borage Oil is a valuable source of the Omega 6 fatty acid gamma-Linolenic acid (GLA). It may assist in the relief of pre-menstrual syndrome, including symptoms such as breast tenderness. EPO with Borage Oil can be used for the management and symptomatic relief of eczema and dermatitis by supporting and relieving flaking, scaling and itching of the skin. GLA is also used in the temporary relief of pain and joint stiffness associated with arthritis and rheumatism.

Supplementation of EPO with Borage Oil can help to maintain a healthy cardiovascular system and improve general well-being.

Helping maintain a healthy heart

CoQ10 100mg

30 Capsules x 1000mg

Benevite CoQ10 100mg contain a natural source of coenzyme Q10 and a powerful antioxidant. Providing support for cellular energy production and helps maintain normal healthy functioning of the heart.

Coenzyme Q10 is found naturally in the body and plays an essential role in the production of energy in all cells. As such it is important for the health of virtually all human tissues and organs.

Resveratrol with CoQ10 & Vitamin E

30 Capsules

Containing the powerful antioxidants resveratrol, selenium, coenzyme Q10 and vitamin E, which assist in protecting the body from the damaging effects of free radicals. It helps to maintain the integrity of the cell membrane, aids normal tissue repair and assists in the maintenance of healthy skin. Supporting the cardiovascular system and heart including maintenance of healthy blood pressure and cholesterol. It supports healthy visual function; maintains healthy immune function and beneficial during times of stress. Selenium is included which supports the health of the liver and protects the liver from oxidative damage, while coenzyme Q10 is involved in the production of ATP, or cellular energy.

Increase and maintain energy

L-Carnitine

30 Capsules x 1000mg

Benevite L-Carnitine not only helps boost fat metabolism and support healthy triglyceride levels, but it is good for the brain too, benefits include: Fatty acid metabolism; Assists mood maintenance; Increases muscle energy output during exercise; Major contributor to cellular energy in skeletal and cardiac muscle.

L-Carnitine 500 makes it bioavailable to the brain so it can help maintain healthy brain function in normal, healthy individuals. The acetyl component contributes to the production of the essential neurotransmitter acetylcholine, required for proper brain function.

Saw Palmetto

30 Capsules x 1000mg

Saw Palmetto (Serena Repens) is a herb that prevents the conversion of testosterone to dihydrotestosterone, which helps to prevent the development of prostate disease and may be beneficial for genitourinary problems, endocrine disorders, infertility, impotence, menstrual disorders, ovarian dysfunction, lactation, thyroid deficiencies, and painful menstruation.

Benevite Saw Palmetto is guaranteed to contain whole-herb active compounds (Fatty Acids) for natural health benefits.

Benevite Glucosamine HCL helps to maintain healthy joints and can assist in the symptomatic relief and management of osteoarthritis. It may provide temporary relief of pain, swelling, inflammation and lack of joint mobility associated with arthritis. Glucosamine HCL helps in the maintenance or improvement of general well-being.

Maintaining your health

Royal Jelly

30 Capsules x 1000mg

Assisting in the maintenance of energy, strength and stamina and Improving general health and well being. A power pack of proteins, 18 amino acids, carbohydrates, fatty acids and B-complex vitamins, as well as traces of vitamins A, C, D and E, Royal Jelly's most powerful constituent is 10-hydroxy-2-decenoic acid or 10-HDA, which can inhibit the growth of bacteria or fungi and is also linked to growth and immunity. 10-HDA makes up half of Royal Jelly's fatty acid content and is an important factor in testing for the product's quality and potency.

Royal Jelly is also a source of acetylcholine, a neurotransmitter, or chemical messenger, which plays a role in improving memory and in strengthening learning and sexual function.

Lutein

30 Capsules x 1000mg

Benevite Lutein is a macular defense supplement containing lutein (found in the macular area of the eye). It provides protection to the macular region of the eye from harmful blue light damage and helps to increase the density of the macular pigment in the eye.

Lutein is a a carotenoid naturally found in the human eye. The highest concentration is found in the macular area of the retina. They are also present in the lens. In the macula, lutein naturally forms a layer of yellow pigments called the macular pigments, which serves as an effective natural filter of the most damaging light (near-to-UV blue light) that reaches the retina.

Health and immunity defense

Propolis

30 Capsules x 1000mg

Propolis is a resinous substance collected by bees from poplar and conifer buds. It may support healthy immune system function and assist the body's natural immune response.

Propolis has antioxidant activity and can therefore assist in protecting the body from the harmful effects of free radicals or oxidative stress. Propolis helps in the maintenance of general wellbeing.

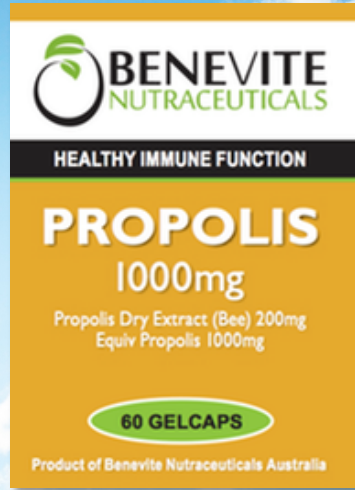

Garlic Oil

30 Capsules x 1000mg

Benevite Garlic Oil is an odourless, pleasant tasting garlic supplement with spearmint flavour to minimise odour. It also contains parsley to help mask the characteristic odour of garlic.

Garlic has been shown to have antibacterial, antiviral, antifungal, antiprotozoal and antiparasitic properties. It contains sulphur compounds which are responsible for many of the beneficial actions of garlic.

Pregnancy support

LingZhi

30 Capsules x 1000mg

Benevite LingZhi provides support to the immune system, supports healthy liver detoxification processes and assists in protecting the body from free radical or oxidative damage. It assists the health of the cardiovascular system by helping to maintain normal cholesterol levels and healthy blood pressure in healthy individuals.

Ling Zhi is traditionally used in Chinese medicine to strengthen the body and reduce fatigue and listlessness. Traditional uses include the relief of wheezing and cough, sleeplessness and insomnia, to strengthen poor digestion and to improve the appetite

30 Capsules x 1000mg

Benevite Shark Cartilage has been reported to have analgesic and anti-inflammatory activities, which may assist in reducing pain and inflammation of the joints. The Shark Cartilage helps to maintain healthy joint and immune function.

Benevite Shark Cartilage may assist in the maintenance of general wellbeing.

NOT TO BE CONFUSED WITH SHARK FIN, AND SHARK FIN FISHING

Nutritional support formula

Lecithin

30 Capsules x 1000mg

Lecithin is a phospholipid that assists in maintaining cellular structures and is important for the health and composition of the cellular membrane. Lecithin supports the metabolism of fats by assisting in their breakdown and distribution in the digestive system.

It may help maintain normal cholesterol levels in healthy people and improve the HDL/LDL ratio. Lecithin supports healthy brain function and has a protective effect on the liver. It helps in the maintenance of general well-being.

Vitamin B Complex

30 Capsules x 1000mg

Vitamin B complex include eight B vitamins. These B vitamins can be found in animal and plant sources, as well as in supplement form. They play a variety of roles in the body and provide numerous benefits.

B vitamins help the body convert food into glucose, which provides energy to the body. Fat and protein metabolizing is also aided by B vitamins, as well as healthy nervous system functioning. Vitamin B1, also known as thiamine, helps boost the immune system and strengthen the body under stressful conditions. Vitamin B6, known as pyroxidine, helps the body make certain hormones, as well as chemicals in the brain called neurotransmitters. It also helps boost immune system functioning.

Cardiovascular Support

Flaxseed

30 Capsules x 1000mg

Benevite Flaxseed 1000mg oil is a rich source of the omega-3 fatty acid alpha-linolenic acid (ALA) which is converted in the body to eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA).

Flaxseed oil helps to maintain a healthy cardiovascular system by maintaining the health of blood vessels, especially the capillaries, and assisting circulation. Benevite Flaxseed 1000mg can help to maintain general well-being..

Liquid Calcium + Vitamin D3

30 Capsules x 1000mg

The ingredients in this formulation have been carefully chosen to support musculoskeletal health. Calcium is important to help build and maintain strong teeth and bones, while vitamin D assists calcium absorption and helps to maintain strong bones. Calcium supplementation may be beneficial during adolescence, following menopause and during pregnancy and lactation. Women's calcium requirements are increased after menopause, and supplementation with Liquid Calcium with VitD3 may be of assistance in the prevention or treatment of osteoporosis.

Adequate dietary calcium in our youth and throughout life is required to maximise bone. Calcium is essential for cellular structure, muscle contraction, nerve transmission, enzyme activation and hormone function.

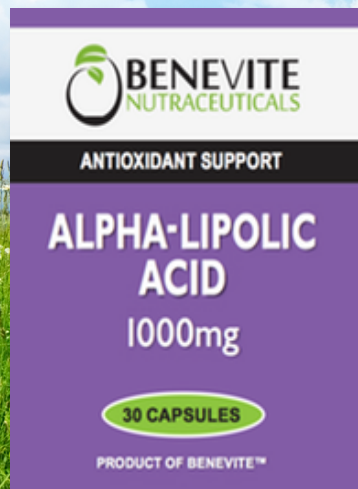

Antioxidant Rich

Acai Berry

30 Capsules x 500mg

Benevite Acai Berry contains Acai Berry and Ganoderma Lucidum (Reishi), which are potent antioxidant herbs, along with the goodness of Cassia tora, Coix lacryma-jobi, Citrus Aurantium and Evening Primrose Oil.

Benevite Acai Berry is a nutrient dense food that provides a feeling of fullness.

Alpha-Lipolic Acid

30 Capsules x 1000mg

Alpha-lipoic Acid (ALA) is a powerful sulfur-containing antioxidant. It works synergistically with other antioxidants, such as glutathione and Vitamins C and E. Each capsule provides 100 mg of pure crystalline alpha-lipoic acid.

Alpha-lipoic acid (ALA) is a powerful antioxidant compound that may help with aging, artherosclerosis, cataracts, cirrhosis, diabetes, radiation, multiple sclerosis, etc. It may be used with any nutritional program. Alpha-lipoic acid is an incredible antioxidant that holds unique free-radical quenching properties. Lipoic acid, in its reduced form in the body, acts as both a fat- and water-soluble antioxidant, supporting Vitamins C and E at the cellular level. More recent studies show alpha-lipoic acid enhances glucose uptake activity.

Maintaining your health health

Apple Cider Vinegar

30 Capsules x 1000mg

Apple Cider Vinegar has often been used to treat various conditions. It has been promoted to aid weight loss, but swallowing the liquid can be very difficult. Benevite Apple Cider Vinegar offers all the health benefits of Apple Cider Vinegar in an easy to take capsule.

Combining Benevite Apple Cider Vinegar with exercise and a reduced-calorie diet may give you the additional “push” your body needs in order to reach your weight-loss goals. Apple Cider Vinegar minimizes hunger, boosts energy and increases the metabolism.

Bilberry

30 Capsules x 5000mg

The ingredients in this formulation have been carefully chosen to support musculoskeletal health. Calcium is important to help build and maintain strong teeth and bones, while vitamin D assists calcium absorption and helps to maintain strong bones. Calcium supplementation may be beneficial during adolescence, following menopause and during pregnancy and lactation. Women’s calcium requirements are increased after menopause, and supplementation with Liquid Calcium with VitD3 may be of assistance in the prevention or treatment of osteoporosis.

Adequate dietary calcium in our youth and throughout life is required to maximise bone. Calcium is essential for cellular structure, muscle contraction, nerve transmission, enzyme activation and hormone function.

Nutritional support formula

Conjugated Linoleic Acid

30 Capsules x 1000mg

Benevite contains Conjugated Linoleic Acid (CLA) which has been shown to increase muscle mass while reducing bodyfat and studies have also shown remarkable anti-catabolic, antioxidant, immune-enhancement and anti-cancer benefits. Several other studies have even revealed dramatic cholesterol-reducing effects. CLA may be the most significant bodybuilding nutrient discovered this decade. This naturally occurring nutrient appears to have the ability to help you pack on muscle, reduce bodyfat, and promote your health.

Ginseng

30 Capsules x 1000mg

Benevite Ginseng 1000mg enhances stamina and endurance and also helps to reduce fatigue. Ginseng came to the west via traditional Chinese medicine. In Chinese medicine ginseng is said to replenish vital energy and promote health. In western herbal medicine it is classified as a tonic herb. A tonic herb can revitalise the body as a whole and increase the overall wellbeing of a person by supporting energy levels and reducing fatigue.

During times of high physical and mental demand ginseng can enhance stamina and endurance. It can help to maintain peak effort during times of excessive exertion. By increasing energy levels and reducing fatigue, ginseng can assist with convalescence after illness.

Maintaining your health health

Green Coffee Bean Extract

30 Capsules x 8000mg

Benevite Omega 3 + CoQ10 combine to deliver a potent and effective formula for heart and blood vessel function.

Omega-3 fatty acids cut fatal heart attacks, reduced pain and improved heart and blood vessel function in those with very high cholesterol and heart failure, and coenzyme Q10 (CoQ10) reduced side-effect muscle pain from statin drugs in those with high cholesterol, according to results from three new studies.

Kangaroo Essence

30 Capsules x 3000mg

Benevite Kangaroo Essential is an extremely potent preparation rich in natural hormones, proteins, zinc and iron, extracted using only the most advanced production techniques. This highly concentrated extract has demonstrated proven ability to increase physical strength, enhance sexual energy, regenerate vital functions, enhance sperm production, improve weakness in limbs, decelerate the ageing process and lessen fatigue associated indications.

As an essential boost to mens' general health and wellbeing, Benevite Kangaroo Essential is also beneficial in the reduction and management of anxiety relating to performance.
