Sumabe[®] healthy supplements

Sumabe Bilberry 5000

Sumabe[®] Bilberry 5000 supports healthy eye function and vision. The potent antioxidant activity of bilberry not only supports the health of the retina, but is also helpful in decreasing the risk of cell damage attributed to free radicals. By assisting the eye to adapt to variations in light intensity, Bilberry also helps to maintain normal eye function in low light and may be useful in aiding glare sensitivity. Sumabe[®] Bilberry 5000 may assist blood circulation and protects capillaries.

Contents: 30 x 5000mg Gelcaps

Directions for use: Adults, take 2 capsules twice daily, or as directed by your healthcare professional.

Sumabe Acai Berry for Slimmers

Contains Acai Berry and Ganoderma Lucidum (Reishi), which are potent antioxidant herbs, along with the goodness of Cassia tora, Coix lacryma-jobi, Citrus Aurantium and Evening Primrose Oil. Sumabe[®] Acai Berry for Slimmers is a nutrient dense food that provides a feeling of fullness.

Sumabe Body Sculpt for Slimmers

Contains Acai Berry and Ganoderma Lucidum
Sumabe[®] Body Sculpt for Slimmers is derived from Cocoa Poly-phenols to enhance body shape and form. Cocoa and chocolate are the richest dietary sources of polyphenols and in particular, the two procyanidins, catechin and epicatechin. The structure of procyanadins makes them powerful antioxidants. Research shows they have greater potency than antioxidant vitamins C and E. Cocoa polyphenols have a protective effect on endo-thelial function and contain pro-cyanidinsepicatechin and catechin - exceptionally effective antioxidants.

Sumabe Ginseng 1000mg

Sumabe® Ginseng 1000mg enhances stamina and endurance during times of physical and mental demand. It also helps to reduce fatigue. Ginseng came to the west via traditional Chinese medicine and is said to replenish vital energy and promote health. In western herbal medicine it is used for the overall wellbeing of a person. It can help to maintain peak effort during times of excessive exertion. Ginseng increases energy levels and reduces fatigue, assisting with convalescence after illness and has been shown to improve the body's stress-coping mechanisms, largely through its effects on the adrenal glands.

Contents: 90 Capsules

Directions for use: Take 1 capsules twice daily with meals, or as directed by your healthcare professional.

Sumabe Colostrum

Colostrum is made from the milk that is produced by new mothers during the first few days after birth. It provides a concentrated source of nutrients for new born babies, as well as antibodies to support immune function and growth factors to aid healthy gastrointestinal development. Bovine colostrums contain immunoglobulins, which help to maintain healthy immune system function. Sumabe® Colostrum helps to maintain a healthy digestive tract and maintains general wellbeing.

Leptin Elite Tea

Leptin Elite Tea is a natural green tea based herbal tea. Some benefits from drinking tea include alertness, reduced lethargy and lightening of the body. Drinking tea for the long term decreases cholesterol and detoxifies the body, promoting good body tone. Studies prove the bio-active substances distilled from high-quality green tea and tea polyphenol, the main component of green tea, are an efficient, natural antioxidant, thus called “the elite of tea”. Tea

polyphenol is composed of more than 30 substances such as epicatechin and flavone glycoside, in which about 80% are epicatechin. The several phenolic hydroxide radicals of epicatechin effectively restrain the absorption of carbohydrates to prevent excess sugar being stored as fat. In Europe, United States, Japan and other developed countries, it has been widely used in clinical treatment and health foods.

Leptin Dietary Fibre

Soluble fibre can help lower serum cholesterol levels by inhibiting the absorption of cholesterol. Fibre helps to regulate or slow glucose absorption. Fibre adds bulk to stools, keeping stool soft and the bowels moving regularly. For weight loss, both types of fibre (especially insoluble fibre) make you feel full, without adding a lot of calories. Foods with fibre have lots of vitamins and minerals that our bodies need and tend to be low in fat too. Fibre also helps our bowels to function properly on a regular basis, and to prevent either diarrhea or constipation.
